PROFILE

Informatics Engineering student focused on UI/UX Design and Mobile/Web Development. Experienced in bridging the gap between user research, high-fidelity prototyping, and functional web/mobile implementation. Strong in user flow architecture, responsive layouts, and translating complex design systems into clean, optimized code.

EDUCATION

Universitas Pamulang – Informatics Engineering
2023 – 2027 (Expected) | GPA 3.62/4.00

EXPERIENCE

UI/UX Designer – Informatics Study Club, Universitas Pamulang (April-December 2025)

- Led design collaboration sessions and workshops for X+ members, improving team design quality and consistency by implementing standard UI guidelines
- Designed mobile & web interfaces in Figma with focus on usability and clean layout

Sessions Design & Data Assistant – PT Miftah Putra Mandiri (July-October 2022)

- Created visual materials and presentations for company events
- Managed and organized consumer data inputs for housing purchases, ensuring database accuracy and integrity

SELECTED UI/UX PROJECTS

Laundryku App – Mobile UI/UX Design & Research (July 2025)

- Conducted user research and designed a scalable mobile design system and high-fidelity prototypes in Figma.

Klinik Budhi Pratama – Web UI/UX Redesign (April 2025)

- Redesigned multi-step form interfaces and navigation layouts to improve patient registration usability.

QR Code Attendance System (SMK Islamiyah Ciledug) – Full-Stack Web Dev (Sep – Dec 2025)

- Built a full-stack system with QR scanning and real-time parent notifications using PHP and MySQL.

SKILLS

UI/UX: Research, Wireframing, Prototyping, Design Systems, Usability Testing

Development: HTML5, CSS3, JavaScript (ES6+), PHP, React.js, Flutter, Tailwind.css, Node.js, PostgreSQL, MySQL, RESTful API

Tools: Git, Github, VS Code, Figma, Balsamiq, Canva, FigJam

CERTIFICATIONS

DSF 48.0: UI/UX Design - Dibimbing.id (February 2026)

UI/UX Introduction - MySkill (February 2026)

Boost Your Business With Smart UI/UX Strategies - Utara Design (May 2025)

Teknologi Untuk UI/UX - BEM FASILKOM UNSRI (March 2025)
